Official Financial Freedom Expert Sharman Lawson

http://www.ideamarketers.com/experts/financial_freedom.cfm

Sharman Lawson is a financial coach, writer, speaker, consultant and author of the book "12 Steps to Eliminate Debt Forever." Sharman Lawson is living proof that you can live debt-free. Sharman and her husband paid off all their debt including their mortgage in less than five years, on a combined income of less than \$50,000 a year. That is when she started conducting seminars and educating others on how to manage their money and live debt free. Her testimony is inspiring. She lets you know that it's not your education, your title, your position or the amount of money you make that is important. It's stepping out on faith, trusting God, believing the impossible is possible, and knowing that going after your purpose, passion and dream is better than all the things you sacrificed. If your dream or goal is to create financial freedom, Sharman is an expert at helping people change their old mindset, behavior, and spending in regards to money and debt.
